DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Daniel E. McConnell on 11 March 2005 and 21 March 2005.

The application has been amended as follows:

Claim 1, lines 5,9, and 13 and claim 13, lines 6,10, and 14, six total occurrences, replace the "an" preceding "seating" with -a--.

Claim 6, replace "a" immediately before "proximal" and "a" immediately before "distal" with "said", two occurrences total.

Claim 7, delete "each of" second occurrence, which is immediately before "said end column".

Claim 15, insert "wherein said assembly is primarily pulp based in composition and" before "said".

The following changes to the drawings have been approved by the examiner and agreed upon by applicant:

Fig. 1: the drawing Figure is required to be reproduced with the lead lines pointing to the proper elements of the drawing Figure.

Either Fig. 2 or 3: a rectangular element representing a sheet with the word "Instructions" within the borders of the rectangle is required in order to show the claimed subject matter of claim 14.

Replacement formal drawings which are reproducible are required.

In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

The following is an examiner's statement of reasons for allowance: No reference or combination of references disclosed the claimed features, and in particular, no reference disclosed corner, side, and end columns with both symmetrical angular side edges and seating sides fixedly arranged at a predetermined location with a receiving base lower side, in addition to a floor side. Additionally, no reference disclosed these features in a packaging assembly comprising a single end column, which was interpreted as one and only one end column.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jerrold Johnson whose telephone number is 571-272-7141. The examiner can normally be reached on 9:30 to 6:00 M-F.
